Dear Global Community,

Connect your local community with the PTW global community and let's create the power together! The International Organizing Committee is thrilled to invite you to **join us in hosting a PTW watch party** and have your community be a part of this GLOBAL HAPPENING.

What is a PTW watch party?

A watch party is a gathering of community – friends, colleagues, and family – to watch PTW unfold in real time! It's an opportunity to participate in this global gathering, from wherever you are in the world!

How do I host a watch party?

- Invite your community to participate in a watch party. Whether it's three people or 300, it's a watch party!
- Choose a venue, whether your home, school, or community center.
- Choose a way of watching together (see the table below for options) and ensure there's a strong internet connection.
- Register for PTW and make sure the people you've invited register too. We've made sure that our fees work for everyone and no one will be excluded.
- Tune in and watch together. Share your thoughts, ideas, and insights with each other and be part of the global conversation.
