

*Weavers are the neighborhood change-makers,
the glue in our communities who stitch together
the social threads one relationship at a time.*

Let's Weave our Community!

As we live through our crisis of connection, with 58% of Americans saying they are lonely - and with violence and political gridlock normalized - we, as Twin Cities Weavers - keep showing for each other to build trust and connection. We know how to create a sense of belonging and to bring each other together to address shared needs. We're weavers! Let's keep lifting up one another's work and inspire more people around us to build stronger relationships!

- Join us for a a potluck dinner! If you're able, please bring a dish to share, or just show up! There will be plenty..
- Meet someone new: We're all about building relationships, so we'll take time to connect in 1:1 and small group conversations.
- Weaver spotlights: A few weavers will share about how they are weaving in the Twin Cities.

*Learn more about
Weaving in person!*

Join us for a networking potluck with weavers from across the Twin Cities on Monday, August 26th from 6:30 - 8:30pm at Loyola Spirituality Center (389 Oxford St. North, St. Paul).
